TECHNOLOGY SOLUTION PARTNERS TO PARTICIPATE IN ALL INDIA INDUSTRIAL GASES MANUFACTURERS' SHOW;

~Focus on Trakaid's CyTrack Solution~

SHELTON, CT, JANUARY 3, 2011 – For the first time, Technology Solution Partners, LLC (TSP) will participate in the All India Industrial Gases Manufacturers' Association (AiiGMA) Show in Kuala Lumpur, Malaysia, January 19 to 21 at the Hotel Sunway Resort.

Featuring information about the Company's TRAKAID CyTrack cylinder tracking solution, TSP's booth will be located at Stall Number 16. The CyTrack solution uses the latest RFID (Radio Frequency Identification) technologies to help companies with tracking, product movement and asset inventory of gas cylinders.

Girish Gupta, of TSP, said, "We are thrilled to participate in the AiiGMA Seminar on Industrial Gases. It will allow Technology Solution Partners to showcase our cylinder tracking solution, TRAKAID CyTrack, and guide customers through the solution in its entirety. Having a presence at this seminar will give us the opportunity to show how our solution can help companies increase operating efficiency and accuracy, provide better asset visibility, make data entry less repetitive and help reduce pilferage – all with a quick return on investment to our customer."

TRAKAID's experience ensures companies craft solutions which integrate the latest technologies including RFID, Biometrics, Mobile Computing and Web-based Data
