With manual data entry or quantity based receipt of cylinders, you always run the risk of getting back fakes or rejects. You cannot eyeball the cylinders and just wish the problem away. You need systems that can authenticate the identity of your cylinder anywhere, any time.

Trust CyloTrak, the automated asset tracking system

Take the guesswork out of tracking with **CyloTrak**. RFID enabled **CyloTrak** gives you 24x7 access to the Identity, Usability and Visibility of assets and saves you time, money and endless headaches.

Reach out to us at **+91-40-2742 2472** or **info@trakaid.com** to find out how **CyloTrak** can help you survive and thrive in today's demanding business environment.
